# Welcome from the Head

## Miss Frazer

St Peter's CE Primary School is a truly special place, and I feel incredibly privileged to have been part of this wonderful school community for nearly ten years.

At St Peter's, we are deeply committed to providing our children with the very best education. Alongside the high-quality teaching they receive every day, we strive to enrich their learning through unique experiences, exciting opportunities and the best possible resources.

However, as school budgets continue to be stretched, we increasingly rely upon the generosity and support of our parent community to help us achieve these goals. Events like our Auction Evening are invaluable in supporting us to provide our pupils with the tools they need to thrive.

One such need is the renewal of our iPad lease agreement, which is set to end this month. The funds raised from tonight's event will allow us to enter into a new three-year lease for 100 iPads, providing a full class set of iPads that can be shared between two year groups. Access to these iPads will further enhance teaching and learning across all areas of the curriculum.

These iPads will offer our pupils the ability to engage with interactive lessons, explore a wealth of educational apps and collaborate in ways that are impossible with traditional resources alone. This investment in technology will support personalised learning, foster creativity and help our children to develop the skills they need for success in an increasingly digital world.

We are incredibly grateful for your ongoing support and we thank you for your generosity in helping us provide the very best learning environment for our children.

Have a great evening!

Miss Frazer
